

CLQRC 2019

International Conference on Cycle-Life
Quality, Reliability and Control Technology

BEIJING
CHINA

August 15-17

Best Way to Understand the Academic Dynamics Trends

CALL FOR PAPERS

The 1st International conference on Cycle-Life Quality, Reliability and Control Technology (CLQRC 2019) is to bring together leading academics, industry practitioners, and research scientists from the world to advance the body of knowledge in quality, reliability and control of engineering systems in cycle-life, to promote international academic communication, to exchange the latest progress in the field of global industrial information, to establish and strengthen the link between academia and industry. And the CLQRC will be held every two years. SDPC 2019 and CLQRC 2019 will be held together in Beijing, China, on August 15-17, 2019.

Prospective authors are invited to submit high-quality original research and technical contributions for presentations and posters in CLQRC 2019. Approximately 60 outstanding papers among those submitted to CLQRC 2019 will be selected for SCI and EI Journals. Other all presented full papers that meet IEEE quality standards will be submitted to IEEE Xplore® for publication (EI Indexing).

CONFERENCE TOPICS

Authors are invited to submit papers of relevance to the CLQRC Conference. The CLQRC topics and applications include but are not limited to:

- System Reliability
- Life Cycle Management
- Quality Assurance and Cost Issues
- Quality Engineering
- Quality Control
- Network Reliability
- Fault Tolerant Control
- Virtual Technology
- Fuzzy Systems and Control
- Networked Control Systems
- Adaptive Control
- Prognostic and Health Management
- Reliability Design, Model and Analysis
- Reliability Testing and Statistics
- Maintainability Design and Analysis
- Maintenance Decision
- Testability Design and Analysis
- Fault Prediction, Event-Triggered Control
- Safety Model and Risk Assessment
- Task Availability
- Robust Control
- Multi-Agent System and Distributed Control
- Stochastic Control
- Neural Network

SPONSORS

2019 COMMITTEE

Honorary General Chairs

Ruijiao Cai, Beijing Institute of Technology, China

General Chairs

Xiaojian Yi, China North Vehicle Research Institute/
Beijing Institute of Technology, China

Jie (Peter) Liu, Carleton University, Canada

Steering Committee Chairs

Huina Mu, Beijing Institute of Technology, China

Chuan Li, Universidade do Algarve, Portugal

General Co-Chairs

Yingshun Li, Dalian University of Technology, China

Jian Shi, Academy of Mathematics and System Science,
Chinese Academy of Sciences, China

Program Chairs

Yuquan Wen, Beijing Institute of Technology, China

Yajuan Liu, North China Electric Power University, China

Arrangements Chairs

Haiping Dong, Beijing Institute of Technology, China

Zhiliang Liu, University of Electronic Science and
Technology of China, China

International Advisory Committee

Philip Chen, University of Macau, China

Balbir S. Dhillon, University of Ottawa, Canada

Gang Feng, City University of Hong Kong, China

Qinglong Han, Swinburne University of Technology,
Australia

Faisal Khan, Newfoundland and Labrador's University,
Canada

Hamid Reza Karimi, Politecnico di Milano, Italy

Hak-Keung Lam, King's College London, U.K

James Lam, University of Hong Kong, China

Ju H. Park, Yeungnam University, Republic of Korea

Yang Shi, University of Victoria, Canada

Shunfeng Su, Taiwan Tech, Chinese taipei

Zidong Wang, Brunel University, U.K

Qingguo Wang, University of Johannesburg, South Africa

Wenjune Wang, National Central University, Chinese taipei

Liudong Xing, University of Massachusetts (Dartmouth), U.
S. A

Yihua Yan, National Astronomical Observatories of China,
Chinese Academy of Sciences, China

Rentai Yao, China Institute for Radiation Protection, China

Hairui Zhang, China Academy of Launch Vehicle
Technology, China

Ming J. Zuo, University of Alberta, Canada

Draft Full Paper Due

April 1, 2019

Full details of submission procedures are available at: clqrconf.org
